Excisions: Excisions Recommended And Made

Reasons for excisions:

Seven excisions are required to the feature on the DVD. One excision is required to the component "Extra Sex Footage". The excisions remove conduct in which a man treats two women in a highly degrading and demanding manner and conduct in which the women strongly demean themselves, and by implication, women in general.

The distributor agreed to the eight excisions and submitted another version of the DVD with excisions that met the requirements of the Classification Office. The excised version of the DVD has a few other minor formatting changes including different running times on the biography and photo gallery and the absence of a hidden scene. These changes are not significant to its classification.
